DC-8338i

8.0 MP	3.0" LCD	3X Optical zoom	Face tracking	Photo stabilizer	Video with sound	Li-Ion battery	1600 ISO

For pictures that inspire

Motivates more

What a snapshot that would make! Then it's good that you have the new, light DC-8338i with you. With the handy 128g model you are equipped for any situation. And it's not only its technology that cuts a good figure – the outside also looks pretty smart. The attractive, lacquered matt metallic housing underscores the elegance and the state-of-the-art design of the camera.

Picture for picture, the best quality

Packed full of great features, the DC-8338i, with its 8.0-megapixel CCD sensor, 3x optical and 4x digital zoom, 3-inch TFT colour display with 230,000 pixels and sophisticated scene modes simply offers a greatvalue. With 10 digital frame options available, your pictures can be framed on the fly.

More performance built-in

You can always rely on the DC-8338i. Whether it's adverse weather conditions, twilight or a subjects in motion, capture every moment easily – just as you want. Because with the DC-8338i you will always be on the safe side and able to take perfect pictures. The excellent price-performance ratio speaks for itself.

Perfect in every detail

▶ **ASM** – allows to set aperture and shutter speed manually.

▶ **Picture stabiliser** – reduces risk of blurred images and automatically removes any normal shaking.

▶ **Face tracking** – offers automatic face recognition for up to three faces and simultaneously sets a suitable exposure.

▶ **ISO 1600** – permits picture-taking with a high sensitivity of up to ISO 1600.

▶ **AF lamp** – serves to determine the distance in poor lighting conditions – so that the subject can be captured sharply.

▶ **Histogram display** – shows the brightness distribution in a view.

▶ **SDHC memory card slot** – supports cards of the new standard which offer up to 4 GB of extra capacity.

Technical Specifications

▶ Picture Sensor	
Sensor	8.0 megapixel CCD
▶ Lens	
Lens and typ	6 elements in 5 groups (incl. 3 aspherical lens elements)
Focal length	f = 6.2 (W) ~ 18.6 (T) mm
Equivalent 35 mm camera	37.5 (W) ~ 112.5 (T) mm
Brightness	F/2.8 (W), F/5.2 (T)
Shutter speed	1/2000 ~ 8 secs.
▶ Zoom	
Digital zoom / optical zoom	4x / 3x
▶ Focussing	
Focus range	T: 40 cm ~ infinity, W: 15 cm ~ infinity
▶ Display	
Colour display	3.0" TFT LCD, 960 x 240 pixel
▶ File format
